**Delivering value
is not an objective
decision**

but a subjective state of
mind that is manifested in
your every action.

In the end, we all become what we believe. If our deep internal belief is one of delivering value, it will not be restricted to business alone. We will find ourselves delivering value in both economic and personal terms.

At Deepak Nitrite, we define value in two ways, both of which are intimately interconnected.

- Value in economic sense that is a measure of the benefit that a customer gains from the goods or service that we render, and
- Value in human terms is the ethical framework within which we function – It is the sum total of our beliefs, our commitments and our ongoing concerns.

Deepak Nitrite has consistently focussed on leveraging its personal values – concern for the customer and stakeholders, excellence in chemistry, ability to customise our offerings, manufacturing and operational efficiencies, care for the environment and society, to deliver economic value to our clients – by offering them value that is perceptibly more than the cost.

In our relationship with our stakeholders too we are driven by our values of good corporate governance and sharing our earnings liberally.

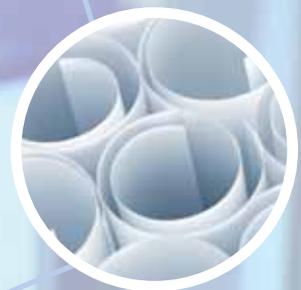

In simple terms, we believe that 'who we are' drives 'what we do' and 'how we do it'.

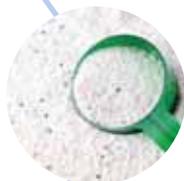

In both the economic and personal sense, ours is a business that is driven by value, and powered by our commitment.

By consistently delivering value, we create the valuable.

Deciphering the chemistry of value

Our chemistry for growth is a continual chain reaction between our personal concerns and our need to deliver economic benefit to our clients.

Towards this end, we bring together the disparate elements of human capital, knowledge base, R&D capabilities, innovation, manufacturing excellence, market reach and strong relationship mindset to create the molecules of success. It is underpinned with our environmental concerns and our commitment to safety. It is driven by our stakeholder commitment that is centred on the value of rewarding those who have invested in our Company.

These factors have powered our growth into an integrated producer of organic, inorganic and fine and specialty chemicals with a specialisation in hydrogenation, nitration, customised molecule development, hazardous reactions and toluene derivatives.

It has made your Company into the market leader for Sodium Nitrite, Sodium Nitrate and Nitro Toulens in India and among the top three global producers of products like Xylidines, Cumidines and Oximes. Deepak Nitrite has also emerged as a fully integrated producer of Optical Brightening Agents. Chemicals produced at our plants find applications in varied industries such as Agrochemicals, Rubber, Pharmaceuticals, Paper, Textiles, Detergents, Colorants, Petrochemicals and Fine and Specialty Chemicals.

It has helped us build a robust export market presence in 36 countries and made us the supplier of choice for several leading Multinationals.

Our deep commitment towards quality and reliability has turned us into a fully integrated business with in house availability of the building blocks, the capability of producing complete value chains, with high quality and cost competency.

Our chemistry of value is a formulation that rests on quality, responsible chemistry, manufacturing excellence, product and process innovation, and customer-friendly relationship-based mindset, which makes us preferred supplier to our customers

Vice Chairman & Managing Director's Address

“Delivering value is the basic purpose of every business. While it is always a challenging task, it is made more difficult when global economies are passing through a transition”

Dear Stakeholders,

The global economy continued to emanate mixed signals in FY 2014-15. The recovery from the events of the last few years remains uneven as some regions have rebounded faster than others. However, even those that have performed relatively better than others cannot remain insulated from uncertainty given sustained volatility and the dynamics of the economic landscape.

The US economy has reported several positive indicators, yet a full-fledged recovery remains subtle. Europe continued to remain under pressure even as Central Banks in this region rolled out stimulus measures. China reported marginally lower growth which impacted global commodity prices and had a spiralling effect on economies of Brazil, Russia and Australia. Unlike other emerging economies, India's growth has been below its potential

and is expected to accelerate further due to low inflationary pressures and easing supply constraints. The year was not one of the best in terms of execution but the new Government clearly lifted and re-energised the overall sentiment. Since taking over last year, the Government's efforts of rolling out reforms and implementing policies have revived domestic investments and there are visible signs of pick-up in manufacturing activity.

During the year, we aligned our internal workings across research & development, innovation, expansion of manufacturing; operations, marketing and customer care to deliver exemplary value. During uncertain times, we focussed on the certainty of bettering ourselves to deliver better outcomes.

Notwithstanding the impact of volatile crude oil prices and weak macro-economic environment globally, the Company's total income and profitability grew to healthy levels. Over the past year, we continued to focus on delivering high value products along with improving cost saving efficiencies and de-bottlenecking initiatives. Our export revenues grew by 3% to ₹ 517 crores and contributed 39% of total revenues for the year. Marginal growth in exports was witnessed amidst global slowdown, especially in EU region. Fuel additives, one of our key growth drivers over the last few years, were under pressure and growth was marginally lesser compared to last year due to impact of volatility in crude oil prices. The prices of this product have shown signs of revival towards the end of the year as energy prices have stabilised.

Over the last two years, we have been working on a transformation strategy to realign our business segments into Strategic Business Units (SBUs). We reached completion of the process last year and reported as per these SBUs in FY 2014-15. We believe that the enhanced focus accorded to the business through the SBU structure will drive growth and propel your Company into a higher growth trajectory. A deeper dive into segment-wise performance provides

a critical overview into each SBU. Below are the details:

Bulk Chemicals & Commodities (BCC)

This segment witnessed a slowdown due to sharp fall in global prices of crude oil related petrochemical intermediates. The impact was concentrated in the second half of the year and it is expected to normalise towards the end of the fiscal year. Overall, BCC has been able to maintain cost leadership through process excellence across the product offerings and is confident of sustaining such leadership.

Fine & Speciality Chemicals (FSC)

This segment caters to high value intermediates for agro, pharma and other specialities. During the year under review, the performance of the same has witnessed slowdown due to temporary demand disruption across the geography and particularly in the middle of the year which started moderating over the year end. This business focusses on high value niche products and the margins in this segment are enriching. We will continue to focus on improving processes and deliver to the dynamic needs of our customers to widen and deepen our supply relationships.

While prices for products are less affected by oil and petrochemical prices, the demand and growth in terms of volume is dependent upon how the world economy is performing. While this group has been largely dominated by speciality intermediates for agro, a concerted effort to make pharma intermediates is underway. It is expected that in the next few years, a healthy mix of agro and pharma effect chemical intermediates will be achieved, which shall be offering opportunities for healthy and sustainable growth in top and bottom line for the segment.

Fluorescent Whitening Agents (FWA)

The third business segment is Optical Whiteners. These are performance

products which are branded and offer an optical whitening effect to paper – particularly writing paper and for whitening of cotton textiles. Besides knowledge of making the whiteners, we need to have reasonable knowledge of its application. Currently, mills all over Asia and North America are being targeted for field trials. We believe that one day this segment will include many more performance products that the world sell as branded products offering solutions to customers. Segment revenues have improved in a steady manner. We witnessed gradual uptick in volumes during the year. We are confident that this will scale up further in FY 2016.

Future Plans

During the year, your Company announced a Greenfield expansion project, through a wholly owned Subsidiary Company, to manufacture 200,000 MT of Phenol and 120,000 MT of Acetone at Dahej in Gujarat. The project is expected to be commissioned towards the end of FY 2017-18 and it targets to substitute the current imports of Phenol and Acetone. The present requirement in India is about 270,000 MT for Phenol and 170,000 MT for Acetone which is expected to grow at 7%-8% CAGR; hence, the market is expected to expand to 310,000 MT and 200,000 MT respectively around the time when this project is expected to be commissioned. The domestic opportunity appears very promising for these products and the Company is aiming for market leadership. These efforts are a part of our strategic initiatives to improve our product offering and deliver long-term value.

Following the Greenfield and Brownfield expansion, our facilities at Dahej and Nandesari are fully operational with both facilities now contributing substantially to the incremental revenue growth. The Dahej facility which manufactures OBAs have contributed ₹ 118.94 crores to total revenues and it is expected

that the facility shall achieve gradual improvement in utilisation. Further, our strategic initiatives like de-bottlenecking have consistently shown results leading to higher revenues driven by cost saving initiatives.

Over the last twelve months, we continued to build on our strengths and focussed on core competencies, which enabled us to deliver enhanced profitability. Despite a weak macro-economic environment and volatile energy prices globally, our revenue growth outperformed broader industry performance. As we move into fiscal year 2015-16, we will continue to focus on our medium to long-term objectives along with enhancing our current product portfolio to further deliver value and accelerate growth. We believe that this will be supported by strong demand on the back of improving economic conditions both globally and in India.

The Board of Directors of your Company and all employees join me in congratulating Shri C. K. Mehta, Chairman of your Company on being conferred with the prestigious Life Time Achievement Award by the Indian Chemical Council (ICC), for his exemplary and pioneering role in the Indian Chemical Industries. At 82, he continues to be the inspiring force for all of us.

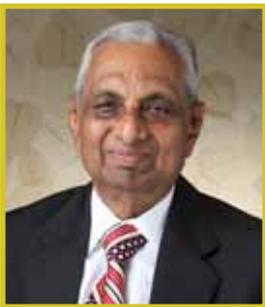

On behalf of the Board of Directors, I would like to take this opportunity to acknowledge the entire team of Deepak Nitrite for their contribution and commitment. I would also like to thank all of our business partners and associates. Finally, I would like to extend my sincere gratitude to all our stakeholders for their unwavering confidence through the years and count on their support going forward.

Best wishes,

D. C. Mehta

Strength is an emanation of its underlying value – Just like an athlete's strength is an emanation of his discipline and healthy lifestyle

When you are driven by virtues, can the results of your endeavours be anything but valuable ?

Our values translate into excellent results

Our values of a de-risked business model supported by state-of-the-art R&D and manufacturing facilities and our ability to consistently forge and maintain mutually beneficial customer relationships has translated into sterling business results. Our ability to consistently deliver value has made our Company valuable.

HOW VALUABLE IS OUR PERFORMANCE ?

<p>Topline growth from ₹ 1,270 crores in FY 2013-14 to ₹ 1,327 crores in FY 2014-15</p>	<p>Y-O-Y growth in revenues of 4.48%</p>	<p>EBITDA grew to ₹ 140 crores with a margin of 10.55%</p>	<p>39.42% increase in PAT by ₹ 15.11 crores</p>
<p>PAT grew to ₹ 53.44 crores recording a margin of 4.02%</p>	<p>61:39 Ratio of sales from domestic and export markets</p>	<p>23% increase in EBITDA from ₹ 114 crores to ₹ 140 crores</p>	<p>By leveraging our personal values, we deliver excellent economic value to our stakeholders</p>

How our value of stakeholder commitment leads us to rewarding our stakeholders

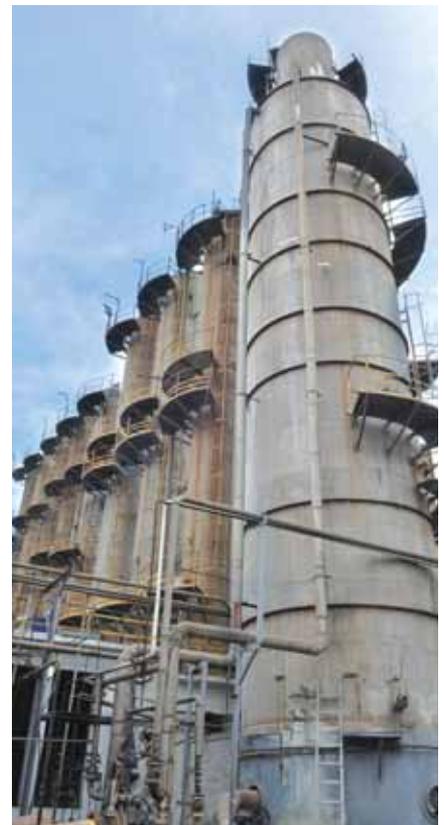

In our stakeholder relationship, we believe that we should commensurate risk with just rewards, and we consistently act in accordance.

Deepak Nitrite is a stakeholder driven organisation and we believe that our mandate from our risk takers is to create and sustain an enterprise that is sustainable in the long run, and rewards stakeholders equally as we do our customers.

While customer delight is what we work for, stakeholders are whom we work for. Over the years while nurturing the sustainable growth of the Company, we have rewarded our stakeholders and have initiated many actions that work in their favour.

By leveraging our value of stakeholder commitment, we reward them consistently

- To ensure more liquidity and increase volumes of trading in our scrip, the Company's Equity Shares of face value of ₹ 10/- were sub-divided into five Equity Shares of ₹ 2/- each.
- The Board also recommended an issue of Bonus Shares in the ratio of 1:1 i.e. one fully paid up bonus Equity Share of ₹ 2/- each for every one Equity Share of the face value of ₹ 2/-.
- In the FY 2013-14, we announced a dividend of ₹ 10/- per Equity Share of face value of ₹ 10/- each, being 100%. Post sub-division and issue of Bonus Equity Shares, the effective dividend was 50% i.e. ₹ 1/- per Equity Share of face value of ₹ 2/-.
- This year, we have recommended a dividend of ₹ 1/- per Equity Share which amounts to 50% return on investment, maintaining the same rate of dividend paid in the previous year.

Quality is an outcome not just of what you do, but also how you do it

Our value of excellence results in the high quality of our manufacturing and products

Superior quality is our starting benchmark. Deepak Nitrite uses quality as a stepping-stone to forge long-standing relationships with customers that is based on trust.

Over the years, our ability to adhere to quality standards in our manufacturing and our products has gained us the reputation of being a chemical solutions provider one can trust.

We have embedded global standards in our products, processes, operations and manufacturing facilities.

We constantly upgrade our manufacturing facilities and leverage latest technology to enhance our productivity and quality of our outputs.

Strict quality control

- Automation of storage facilities for raw materials and finished goods to reduce manual intervention

- Quality verification through use of tools such as Design Qualification (DQ), Installation Qualification (IQ), and Operational Qualification (OQ)
- Well maintained date on all the tests, result deviations, investigations and corrective and preventive taken
- Regular quality audits carried out by in-house quality team, third party sources and customers
- Pre-registered products under European 'REACH' legislation adhering to the highest global standards
- ISO 9001:2008 Certification

We are signatories to the Global Responsible Care initiative by the Chemical Sector, and are proud to be responsible in our chemistry.

Responsible Care embodies the ethics and principles, which compel companies to constantly innovate and deliver safer products through processes that,

are environment-friendly and which eliminate harm through the entire product life cycle.

If Quality products are what we do, Responsible Chemistry is how we do it.

By leveraging the value of excellence, we achieve manufacturing and product quality

How value for human and environmental safety results in our preparedness and practices

When what you do involves danger, how you do it should involve safety

Dealing with hazardous chemicals and process is a daily activity for Deepak Nitrite. Naturally, safety of our processes, infrastructure, environment and people is an obsession. We have consistently sought incremental ways and means to ensure the safety of our processes and safeguard both human life and environment.

Our safety practices are comparable to the best in the industry and we achieve this through a continual process of improving our preparedness, implementing safe technology, training and promotion of safe work practices as well as infrastructural measures to limit untoward or unforeseen incidents and prevent them from occurring.

We have incorporated safety as an integral aspect of our daily life and not merely a practice that we adopt.

Safety Drivers

- Emergency preparedness through drills and pre-tests.
- Emergency relief valves designed as per the relevant standards.
- Regular safety studies Risk Assessment, Safety Audits and plant inspections.
- Safety training not only for employees, but also for contractors and their employees.
- Regular medical check-ups and use of personnel protective equipment.
- Fire hydrant system with adequate reservoir capacity.
- Each plant equipped with occupational health centre, dedicated ambulance and medical staff.
- Tie-up with nearby hospitals to manage emergency situations.
- OHSAS 18001:2007 Compliant.

Those who believe they can benefit at the cost of environment are selling their future to live in the present

As a signatory to the Responsible Care initiative, we practice what we call responsible chemistry. We are firmly committed to deliver the benefits of industrial chemistry to the world with zero cost to the environment.

Towards this end, we ensure that our operations are environmentally benign and our processes are in adherence to stringent global environment standards.

We promote a culture of ecological friendliness within our organisation and adopt green measures in every day processes and product manufacturing. Our effluent treatment and pollution control are second to none and we emphasise zero tolerance to pollution and environmental degradation.

Our Environmental commitment is manifested in our practices that include:

- Adherence to best global practices and stringent environmental norms.
- Monitoring the quality of ambient air, effluents and emissions.
- Focus on minimising the generation of liquid / gaseous waste streams.
- Waste heat recovery, safe disposal and up cycling.
- Established effluent treatment plants at all facilities.
- Emphasis on controlled usage of reactants, closed loops operations and automation.
- Regular internal and external audits to monitor Environment, Health & Safety standards.
- Constant R&D efforts to eliminate environmental impact.
- A dedicated cell responsible towards continual conservation of energy and improvisation in process yields and product quality.
- ISO 14001:2004 compliant.

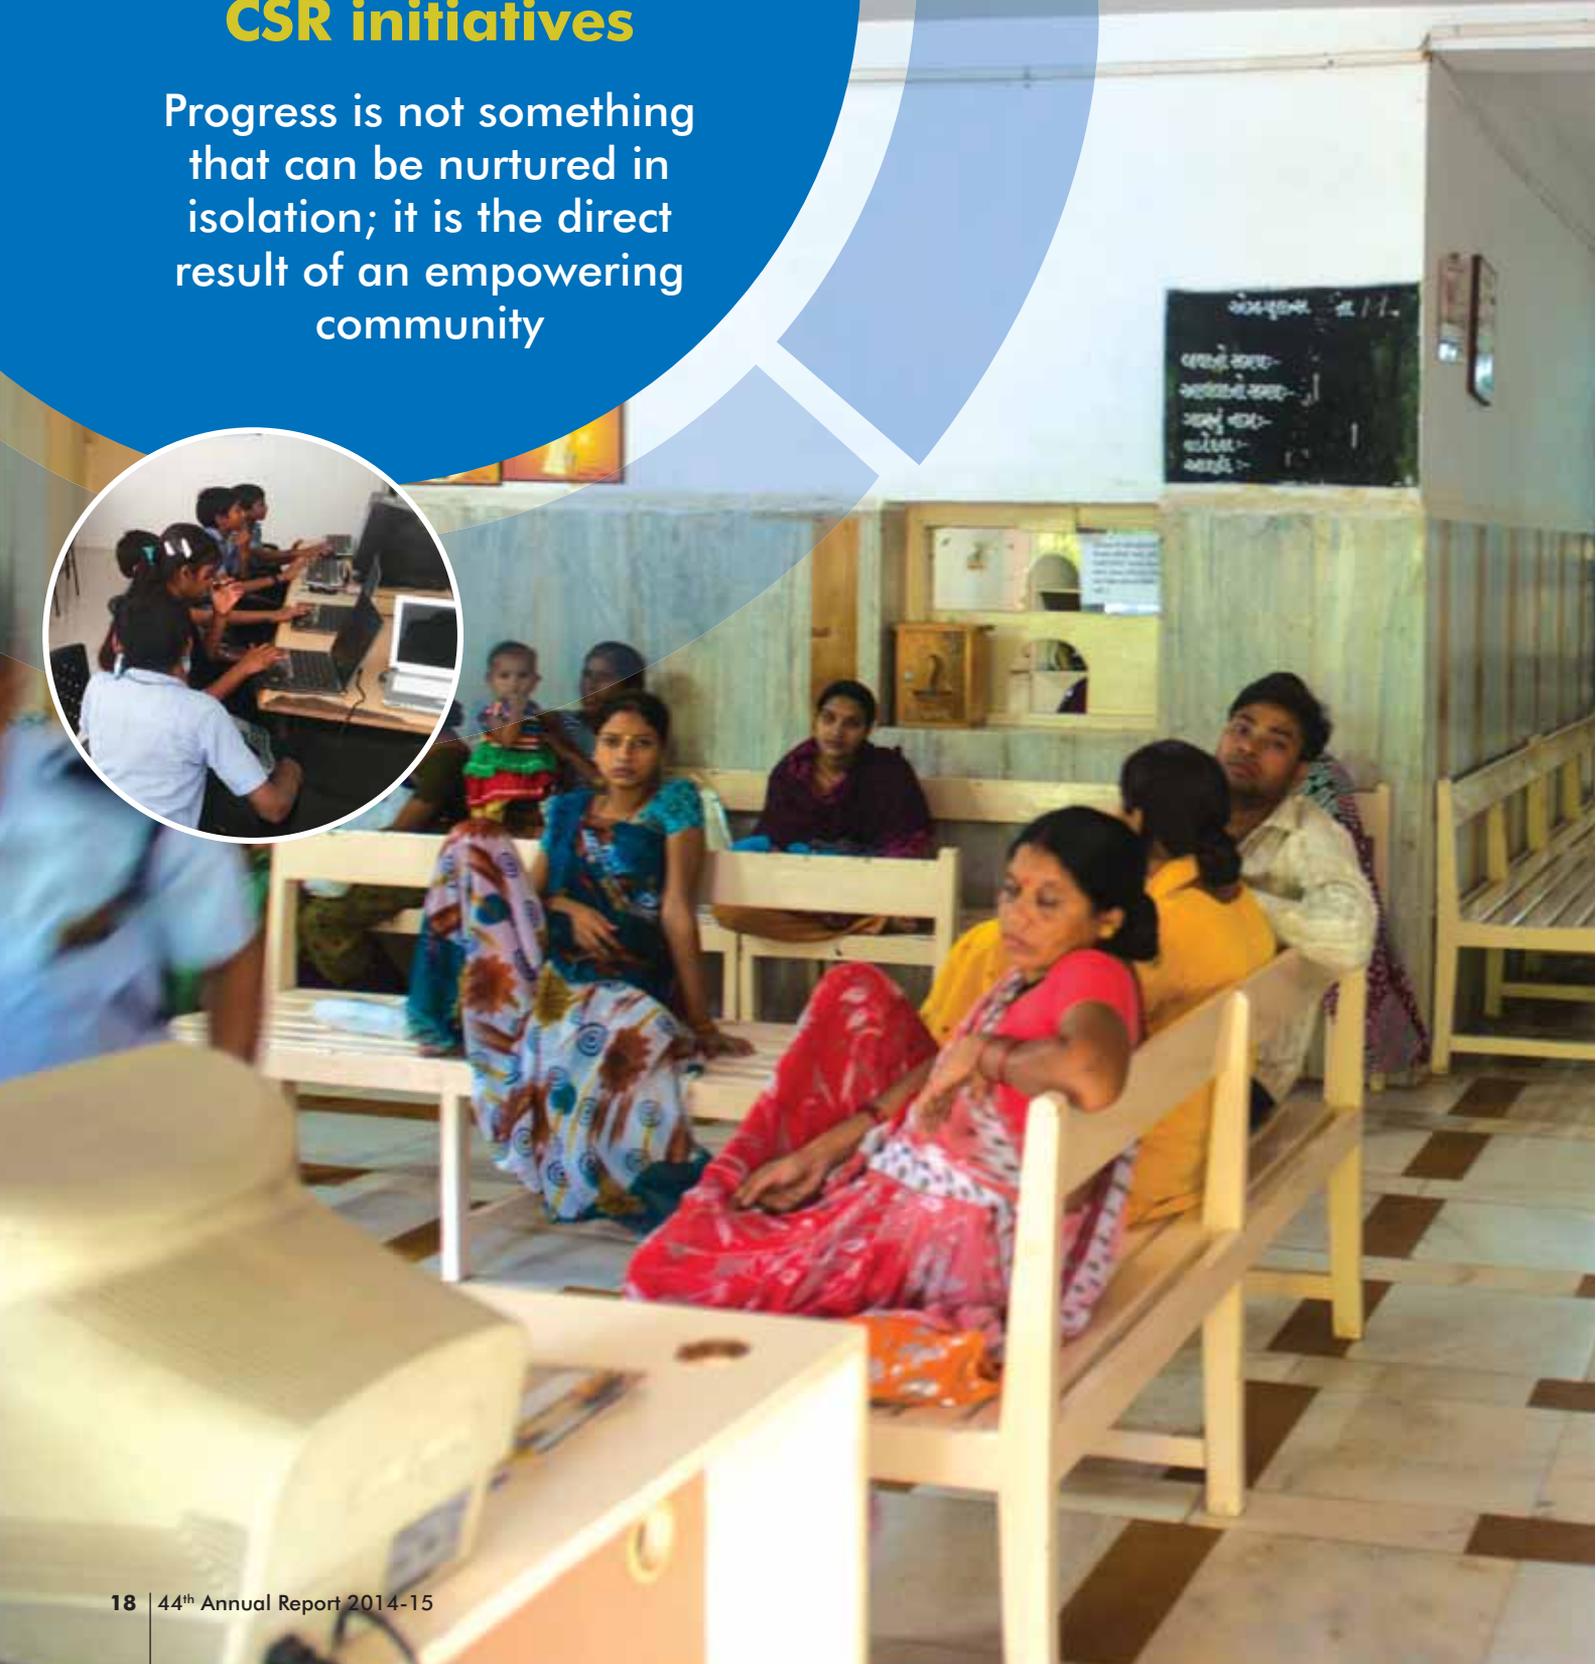

How our value for nature drives our environmental initiatives

Deepak Nitrite has been conferred with the Certificate of Merit in the Best Compliant Company category for its pollution prevention code under Responsible Care. The certificate was awarded on account of the Company's various efforts towards:

- **conservation of energy**
- **improving process yields**
- **improving product quality in order to ensure that resources are optimally used and the impact on the environment is minimal**

How our value for humanity translates into empowering communities through CSR initiatives

Progress is not something that can be nurtured in isolation; it is the direct result of an empowering community

Our value for humanity is translated into a series of initiatives that we fund and manage for the welfare of communities within which we operate.

At Deepak Nitrite, we firmly believe that our long-term sustainability and growth is a subset of the progress and growth of our communities.

A community that is healthy, educated, progressive and far thinking will naturally give rise to a meritorious future generation.

Our CSR activities during the year focussed on women empowerment through training and capacity building, livelihood promotion and child development.

Some of the CSR initiatives undertaken during FY 2014-15 include:

LIVELIHOOD PROMOTION ACTIVITIES

Various activities for livelihood promotion of the vulnerable section of the society are being carried out. Various sectors are covered under this viz. agriculture, animal husbandry, water resource development, skills building, and savings and credit, as well as income generation activities for Self Help Groups. Nandesari, where one of the plant of Deepak Nitrite is situated, has been the place where the activities for Self Help Groups, and Women's Dairy Cooperative Societies were initiated.

Improving computer literacy among the youth of Nandesari area

Recognising computer skills as the need of the day, computer classes were taken up through Deepak Nitrite since FY 2013-14 and nearly 60 students were trained. Promotional meetings were conducted in villages to promote the computer classes. Certification was taken up from Jankalyan Computer Saksharta Mission for certification (An Autonomous Institution Registered under the N.C.V. T. New Delhi, Govt. of India).

Enriching Education through English language skill development

Many students are not able to pursue with their higher studies because they lack in English Language skills. With a view to take up the onus of supporting students by improving their English Language skills, Deepak Nitrite has been supporting the Nandesari Vidyalaya over the years. The English Language Skill Development programme was carried out in the school based on the need of the school.

HEALTHCARE

Certificate Course on Home Health Aide

As a part of endeavour in creating livelihood opportunities for the under privileged, a certificate course on Home Health Aide which facilitates employment opportunities by providing need-based skills for youth, women and underprivileged population groups was initiated in affiliation with National Skills Development Corporation (NSDC) and Healthcare Sector Skill Council (HSSC).

Health Camps through Mobile Health Units

Various health camps were organised in Kawant (Chhota Udepur district), Nandesari (Vadodra district) and Dahej (Bharuch district) through Mobile Health Units with an aim to provide accessible medical care to remote populations and reduce burden of illness. Almost 2,000 patients in remote rural and tribal village benefited from this free of cost medical checkup and health services.

**How our value
for excellence
drives our
human capability
initiatives**

People are not mere
asset – they are asset
creators

The returns on investments in capital, machinery, technology etc., can be measured along predictable lines. But the potential of human contribution is truly unlimited. An empowered mind and an intellect can achieve heights that no physical assets can deliver. So, naturally, we do not think of our people as our asset but our asset creators. It is our people who put our plans to action, participate actively in making our targets a reality and shape up our chemistry in ways that are safe, productive and environmentally benign.

Creating work environments that contribute to productivity

At Deepak Nitrite, we focus on enhancing the work environment both at factories and office spaces, we create and deliver morale enhancing and skill upgrading programmes so that our people maximise their potential and productivity at all levels. We work towards retaining and nurturing our talent to scales heights of human possibilities. Quite naturally our retention levels are comparable to the industry standards.

Sustaining a learning environment

We help our employees better themselves by offering on-the-job training, in-house and external training programmes and workshops related to technical and functional, behavioral, general and health, safety and general environment standards. We also foster a sense of pride in belonging to a Company that plays a leading role in the market, both domestically and globally.

Encouraging post-work bonding and participation

Activities that we host for our employees, include sporting events like volley ball, football and cricket tournaments, entertainment programmes like musical events and talent competitions etc. We celebrate festivals with gusto and celebrate like a community that is close knit. We try to foster a life style where work and play are balanced in terms of pursuits and people are enabled to sustain their work-life balance.

“The will to win, the desire to succeed, the urge to reach your full potential... these are the keys that will unlock the door to personal excellence”

- Confucius

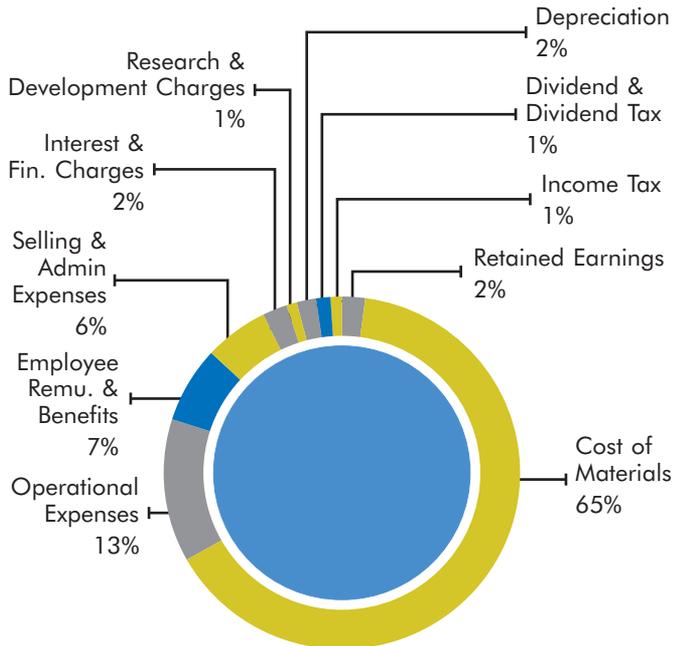

The end result is that our Company is made up of people who are highly motivated, skilled and empowered and believe in making a difference in their lives and in the society that they are part of

Khare & Co., Chartered Accountants, Mumbai (Firm Registration No.: 105102W) as Statutory Auditors, to hold office from the conclusion of that meeting until the conclusion of 46th Annual General Meeting, subject to ratification of such appointment by the Members annually.

Rule 3(7) of Companies (Audit & Auditors) Rules, 2014 provides that appointment of the Statutory Auditors shall be subject to ratification by the Members at every Annual General Meeting till the expiry of the term of the Auditor. In view of the above, the appointment of M/s. B. K. Khare & Co., Chartered Accountants, as Statutory Auditors for the period from the conclusion of 43rd Annual General Meeting upto the conclusion of 46th Annual General Meeting is placed before the Members for ratification.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 4 of the Notice.

The Board recommends the Ordinary Resolution set out at Item No. 4 of the Notice for ratification by the Members.

ITEM NO. 5

Prof. Indira Parikh (DIN: 00143801) was appointed by the Board of Directors as an Additional Director on the Board of the Company w.e.f. August 9, 2014. As per the provisions of Section 161 of the Companies Act, 2013 ("the Act"), she holds office as an Additional Director upto the ensuing Annual General Meeting.

The Company has received a notice under Section 160 of the Act together with a deposit of ₹ 1,00,000/- from a member proposing her candidature as a Non-Executive Independent Director of the Company. In accordance with the provisions of the Act, it is proposed to appoint Prof. Indira Parikh as a Non-Executive Independent Director for a term of five consecutive years upto August 8, 2019.

A brief profile of Prof. Indira Parikh together with other details as required under clause 49 of the Listing Agreement is provided in the Notes to this Notice.

Prof. Indira Parikh has given a declaration to the Board that she meets the criteria of independence as provided under Section 149(6) of the Act. In the opinion of the Board, Prof. Indira Parikh fulfills the conditions specified in the Companies Act, 2013 and rules made thereunder for her appointment as an Independent Director of the Company and is independent of the management. The Board considers that her continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Prof. Indira Parikh as an Independent Director.

Accordingly, approval of the members is sought for the Ordinary Resolution as set out at Item No. 5 of the Notice for appointment of Prof. Indira Parikh as an Independent Director.

A copy of the draft Letter of Appointment of Prof. Indira Parikh as an Independent Director will be available for inspection without any fee for the members at the Registered Office of the Company during normal business hours on any working day, excluding Saturdays.

None of the Directors / Key Managerial Personnel of the Company / their relatives, except Prof. Indira Parikh, are in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 5 of the Notice.

The Board recommends the Ordinary Resolution set out at Item No. 5 of the Notice for approval by the members.

ITEM NO. 6

As per the provisions of section 197 of the Companies Act, 2013 ("the Act") the overall managerial remuneration to Directors shall not exceed 11% of the net profits of the Company calculated in accordance with Section 198 of the Act ("Net Profit").

Section 197 further provides that a Company may, with the approval of the Members, pay remuneration to the Managing Director, Whole Time Director or Manager, in excess of 5% of the Net Profit for a particular financial year and where there is more than one such Directors, in excess of 10% of the Net Profit to all of them together and to the Non Executive Directors in excess of 1% of the Net Profit of the Company.

The total managerial remuneration to all the Directors for the year ended March 31, 2015 is within the limit of 11% of the Net Profit as prescribed u/s 197 of the Act. However, the remuneration paid to the Managing Director(s) and Whole-time Director for the year ended March 31, 2015, exceeds the sub limit of 10% as prescribed under Section 197 of the Act.

Accordingly, approval of the Members is sought for the Ordinary Resolution as set out under Item No. 6 of the Notice for payment of remuneration to directors in excess of sub limits prescribed under the provisions of section 197 of the Act for the financial year 2014-15 and subsequent years.

The Directors of the Company / their relatives have financial interest in the resolution to the extent of remuneration which may be paid to them in accordance with the provisions of Section 197 of the Companies Act, 2013. None of the other Key Managerial Personnel of the Company / their relatives, are concerned or

interested, financially or otherwise, in the resolution set out at item No. 6 of the Notice.

The Board recommends the Ordinary Resolution set out at Item No. 6 of the Notice for approval by the members.

ITEM NO. 7

The Board, on the recommendation of the Audit Committee, has approved the appointment and remuneration of M/s. B. M. Sharma & Co., Cost Accountants (Firm Registration No. 00219) as the Cost Auditors to conduct the audit of the cost records of the Company for the Financial Year ending March 31, 2016.

The remuneration of the Cost Auditors was fixed by the Board of Directors as ₹ 6,00,000/- (Rupees Six Lacs only) upon the recommendation of the Audit Committee.

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the shareholders of the Company.

Accordingly, approval of the members is sought for the Ordinary Resolution as set out at Item No. 7 of the Notice for ratification of the remuneration payable to the Cost Auditors for the Financial Year ending March 31, 2016.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 7 of the Notice.

The Board recommends the Ordinary Resolution set out at Item No. 7 of the Notice for approval by the members.

MANAGEMENT DISCUSSION AND ANALYSIS

GLOBAL SCENARIO

The Global economy continued to exude an uneven performance in FY 2014-15. Despite the efforts of various governments and multilateral agencies, volatility and uncertainty remain defining themes across the international economic landscape. Most of the major economies were in the middle of a balancing act during the year as they attempted to revive growth in a sustainable manner while simultaneously addressing fiscal concerns. Volatile commodity prices, continued low interest rates and slowing world trade have been pulling these economies in different direction. A welcome relief to oil importing economies especially emerging economies like India was the sharp fall in crude oil prices globally towards the second half of the Financial Year. This provided breathing room for these economies but caused fresh concerns to the growth prospects of oil exporting nations.

Emerging economies continued to contribute about two-thirds of global growth; however these economies disappointed as a result of a less favourable investment climate and weak external demand. A number of country specific challenges like infrastructure bottlenecks, increased financial risks and political tensions continued to loom over these economies. However, there is a view that many of these emerging economies including India have put the worst behind them.

Developed economies of America and Asia gathered positive momentum simultaneously for the first time since 2011. However, the potential growth rate remained lower than the early 2000s as a result of the aftermath of the financial crisis. These countries are still confronted by a number of challenges like high unemployment rates and structural bottlenecks. The legacies of the financial crisis continue to linger on these economies. Moreover, the position of Europe remains very fragile. Overall, it is believed that the global economy has bottomed out after the global financial crisis of 2008 and may now consolidate before a sustained recovery takes place. However, as per projections, global growth is not likely to pick-up substantially in the short to medium term as risks to the recovery are significant. Both emerging and developed economies need to undertake significant structural reforms so as to promote growth and employment in a balanced manner.

DOMESTIC SCENARIO

For India, FY 2014-15 was a year of notable events. India witnessed the largest single party political mandate at the Centre since 1984. This augured well for India as; it meant that a stable government had the opportunity to return the economy to its strong growth trajectory of the previous decade. There was a new perspective, renewed vigour and expectations of a new pace of rolling out of reforms and strong policies.

The Indian economy grew by 7.3% in FY 2014-15 led by strong growth in the industrial and service sectors, despite slowdown in

the agricultural sector due to poor monsoons. Further, this growth is expected to further improve to 7.4% in FY 2015-16 according to the Central Statistics Office. In fact, the International Monetary Fund has also revised India's forecasted growth rate upwards to 7.2% in FY 2015-16 and 7.5% in FY 2016-17 surpassing China, making India the fastest growing major economy in the world by 2016. All estimates for the next two years suggest that the slowdown has bottomed out.

The Government through policy reforms is not only aiming for short term objectives like control over inflation and external sector imbalances but is also focussing on medium to long term objectives for transformation and development. These long-term objectives will be achieved through stimulating civil and social infrastructure projects across the Country. Measures for de-bottlenecking the economy are being carried out like land acquisition for development, ensuring availability of energy along with the rationalization of fuel prices and ending subsidy in the case of fuel. Some of these measures have already been executed, indicating that the Government is very serious about the long-term economic goals of the Country.

Another major initiative of the Government has been to revive manufacturing in India. As a result, the Government has presented the 'Make in India' initiative with an object to lift the economy through job creation and skill enhancement by localisation of manufacturing across 25 key sectors identified under the programme. Various incentives have also been launched before and after unveiling this initiative – these include the removal and relaxation of foreign equity caps in various sectors and liberalisation of foreign direct investment in railways, insurance and defence, which is a major boost in this direction.

The road ahead for India is encouraging. There have been some refreshing changes in foreign policy, tax certainty, efforts to attract FDI and in the auction of natural resources. On the other hand, the pace of progress in other areas such as land acquisition, labour reforms, infrastructure and law & order has been slower than expected. The Government has taken some necessary steps to revive growth and rapid progress on other much needed reforms is required to revive the Indian economy.

INDUSTRY TRENDS AND OUTLOOK

The chemical industry is dependent on the progress of its key customers, i.e. the manufacturing sector for growth. FY 2014-15 was a soft year for chemical companies as the global manufacturing sector was affected by slowdown in China and other emerging economies. Recovery in the United States along with growing demand for higher value and innovative products were the key driving factors for growth in FY 2014-15.

As we moved into FY 2015-16, there are indications of an upturn in the global industrial cycle with the United States continuing

to witness growth momentum. In fact, due to the competitive advantage of shell gas extraction, North America will continue to witness sustained growth. However, the most promising prospects were found in emerging economies of Asia, Africa and Middle East. Sustained recovery in the manufacturing sector and shift in competitiveness will result in driving the global economic growth. As a result, the size of the global chemical industry will become \$4.7 trillion by 2018 and \$5.8 trillion by 2021 from about \$3.9 trillion in 2013.

Despite the slowdown in export markets and lackluster growth in domestic markets in FY 2013-14, the Indian chemical industry expanded and constituted about 3% of the global chemical industry. The chemical industry contributed about 15% of the manufacturing sectors' GDP and about 9% of total exports in FY 2013-14. Of the total size of the chemical industry, bulk chemicals form about 39% of the market share while agro chemicals is about 20% and specialty chemicals is at about 19% of the market share. The balance 21% is held by Pharmaceuticals and Biotechnology.

Bulk chemicals which comprise of organic and inorganic chemicals are projected to grow by 7.3% CAGR over the next five years taking it to \$25.7 billion by 2018 from \$18 billion in 2013. Organic chemicals, which form 34% of the bulk chemicals market are expected to grow at 9%, driven by strong demand in the end-user market. As a result, plants manufacturing organic chemicals are expected to achieve full capacity utilisation by 2018. Inorganic chemicals are expected to grow by about 6-7% CAGR over the next five years driven by strong demand from the end user industries like alumina, textiles, paper and detergents. Utilization rate will touch 92% by 2018 from 81% in 2013.

The Indian specialty chemicals are the fastest growing segment. This segment witnessed 10% growth rate since 2009 and was valued at about \$23 billion in 2013. This growth has come about as a result of strong demand from end user industries. The specialty chemical market has gathered enough momentum and is expected to do about \$42 billion by 2018 owing to strong domestic demand. Exports are estimated to drive specialty chemicals growth owing to its competitive scale and low cost of production compared to other economies.

Looking forward, the Indian chemical industry is expected to deliver healthy gain from strong production volumes that will be consumed domestically as well as exported. Capacity utilization is also expected to improve further. India is also at the starting point of a new capital spending cycle as the 'Make in India' initiative kicks off. This will not only expand production but also generate significant employment once the projects go online. The Indian chemical sector has the potential to become a global manufacturing hub similar to the Indian pharmaceutical industry. As the global economy recovers and external demand becomes more robust, chemical exports will further accelerate. By 2018, the Indian chemical industry will post record CAGR of 8%.

COMPANY PERFORMANCE

During the Financial Year 2014-15, your Company recorded

around 4% increase in Total Revenue including Other Income to ₹ 1329.22 crores compared to ₹ 1,271.40 crores in FY 2013-14. Your Company's established businesses continued to gain momentum and contributed to the incremental growth, as new products launched in the last five years have delivered consistent double digit growth. Towards the beginning of the second half of FY 2014-15, due to the sharp decline in international crude oil prices, there was disruption in volume off-take from some of your Company's customers who decided to minimize inventory to insulate them from heightened volatility. As a result of this, some products witnessed temporary decline in demand. However, the impact of this development was temporary and your Company's performance bounced back in Q4 as the global prices of crude oil stabilized albeit at lower levels.

EBITDA for FY 2014-15 was higher by 23% at ₹140.17 crores compared to ₹ 113.54 crores in FY 2013-14. The growth in EBITDA was driven by high value led growth from established business segments due to a favourable shift in product mix along with improved cost efficiencies and positive impact as a result of de-bottlenecking initiatives.

Profit Before Tax was up 16% at ₹ 67.74 crores compared to ₹ 58.15 crores in FY 2013-14. Profit After Tax was higher by 39% at ₹ 53.44 crores in FY 2014-15 compared to ₹ 38.33 crores in FY 2013-14. This growth has come about despite significant increase in interest and depreciation cost on account of full commissioning of Dahej facility. Depreciation increased to ₹ 36.02 crores from ₹ 29.64 crores in FY 2013-14 and finance cost also increased to ₹ 37.99 crores from ₹ 27.97 crores.

Despite the challenges, FY 2014-15 has been a year in which your Company made good progress in strengthening the established business segments through high value products and also reported positive contribution in the FWA segment. Despite the volatility in the second half of the year, your Company was able to deliver continued growth in profitability which enabled it to sustain its dividend paying track record. Consequently, the Board of Directors recommended a Dividend of ₹ 1/- (Rupee One only) per equity share of a Face Value of ₹ 2/- (Rupees Two only) each.

PERFORMANCE OF STRATEGIC BUSINESS UNITS

Bulk Chemicals & Commodities (BCC)

In the Bulk Chemicals & Commodities (BCC), your Company manufactures Nitro Toluenes, Fuel Additives and Sodium Nitrite which find application across colourants, rubber chemicals, pharmaceuticals, explosives, dyes, pigments, agrochemicals, diesel blending, food colours, electroplating, etc. This business unit focuses on producing commodity chemicals that are supplied in high volumes. The strategic aim is to manufacture products that are made to standard specifications focussing on quality through improving the process technology. Bulk Specialty Chemicals use cost leadership as their main competitive strategy to gain market share.

In FY 2014-15, revenues for BCC stood at ₹ 749.59 crores compared to ₹ 739.57 crores for FY 2013-14. This segment

contributed 56% of total revenue during the year. The EBIT margin for FY 2014-15 stood at 9.81%, contracting by 269 bps. Lower realisation resulting from sharp decline in crude oil price impacted overall EBIT.

FINE & SPECIALITY CHEMICALS (FSC)

The Fine & Speciality Chemicals business manufactures specialty chemicals, Xylidines, Oximes and Cumidines primarily used as intermediates in colourants, pigment, fuel additive, agro chemicals and pharmaceuticals. These products possess differentiated properties and are manufactured to customer specifications catering to the value added end users. Since these products are customised, it is not a volume focussed business. The business unit focusses on stable, sustainable operations and developing long term strategic relationships with customers by delivering high quality products while adhering to global best practices.

Revenues from Fine & Speciality Chemicals stood at ₹ 326.20 crores for FY 2014-15 compared to ₹ 361.43 crores for FY 2013-14. This segment primarily caters to export market in EU region and overall slowdown in EU region has impacted revenue in this segment. This segment contributed 24% of the total revenue during the year. The EBIT margin stood at 18.90% in FY 2014-15 expanding by 155 bps.

FLUORESCENT WHITENING AGENT (FWA)

Fluorescent Whitening Agents are brighteners commonly used in industries like paper, detergents, textiles, coating applications in printing and photographic paper. Your Company offers its customers products as per their desired specification across liquid, solid and powdered forms. Your Company works closely with customers and through its R&D initiatives is able to enhance their process efficiencies. This strategy is expected to result in repeat orders and long term relationships with the customers. Your Company's fully integrated manufacturing facility from Toluene into PNT and further into DASDA provides competitive advantage over companies that are dependent on other companies for their raw materials. This allows your Company to customise the raw material at each stage of production depending on customer specifications. Further, this business also has very high barriers to entry due to the capital-intensive operations and lack of assured supply of materials across the value chain. The Fluorescent Whitening Agent business unit focuses on capitalizing and building on strengths in order to create a unique market position for itself and become a global leader in terms of market share.

Revenues from Fluorescent Whitening Agent stood at ₹ 265.18 crores in FY 2014-15 compared to ₹ 175.91 crores in FY 2013-14. This segment includes two major products - Optical Brightening Agent (OBA) produced at Dahej and key input of OBA, DASDA produced at Hyderabad. This segment contributed 20% of total revenue during the year. OBA witnessed gradual uptick in volumes in both domestic and export markets and the management is confident that volumes supplied from the facility will increase significantly and enable your Company to benefit from operating leverage.

Export revenues grew by 3% to ₹ 517.00 crores while Domestic revenues were higher by 5% to ₹ 810.00 crores in FY 2014-15. As a contribution to revenues, the mix between exports and domestic markets stands at 39% and 61% respectively. Europe is the largest export market for your Company and currently contributes around 65% of your Company's total export revenue, which is majorly billed in US Dollar.

STRATEGIC INITIATIVES AND EXPANSION PLANS

During the year, your Company announced a Greenfield expansion project through its wholly owned subsidiary Deepak Phenolics Ltd, to manufacture Phenol and Acetone at Dahej, in Gujarat. The project is scheduled to start operations by end of FY 2018 with an annual capacity of 200,000 TPA for Phenol and 120,000 TPA for Acetone.

Phenol is widely used in the manufacturing of various commercial products and finds applications in laminates, paints, automobile lining, etc. while Acetone finds applications in Pharmaceuticals, Paints, Adhesives & Thinners, etc. Further, the demand for Phenol and Acetone in India is expected to grow at 7%-8% CAGR. The facility will help substitute India's imports and give your Company market leadership position in India.

Last year, your Company also incorporated Deepak Nitrite Corporation, Inc. in North Carolina, USA to take care of marketing & operations part of customers in Northern and Southern American region. Your Company is also having an Associate Company Deepak Gulf LLC in Oman with 49% of holding in total Share Capital.

SWOT ANALYSIS

STRENGTHS:

Technical Competence

Your Company takes pride on the technical expertise it has built up over more than 40 years of working in the chemical sector. Your Company's expertise includes the knowledge of chemical manufacturing processes such as Hydrogenation, Nitration and Chlorination to name a few. Your Company also has the skill to develop, manage, handle and store hazardous materials involved in the process of manufacturing. Your Company's expertise, experience, capability to custom-build and quality standards allow your Company to undertake, execute and deliver products with best quality while minimizing the overall cost and delivery time.

Senior Leadership Team

The management team brings abundant expertise and a strong track record of success in managing established businesses and in expansion of businesses through both Greenfield and Brownfield projects. They bring strong strategic expertise with a commitment to realize your Company's long-term objectives. The leadership team has built up your Company with the best-in-class global practices that have directly contributed to the success of your Company.

Diversified Operations

Your Company has multiple facilities located across Gujarat, Maharashtra and Telangana. These facilities are flexible as

multiple products can be manufactured depending on the demand scenario, given that the processes are easily interchangeable at existing facilities. Your Company also manufactures a variety of chemical intermediates due to its competency in various chemical-manufacturing processes. Diversified production and flexible capacities act as a natural hedge as they allow your Company to shift production towards a product which is witnessing with higher demand.

Marquee Customer Profile

Your Company has fostered long term relationships across a wide range of industries and is a preferred supplier to some of the leading companies both in India and Internationally. Today, your Company's long-term relations with its customers have become more like quasi-partnerships due to a focus by many on value chain. These relationships have become a hallmark of your Company and have introduced a level of stability that is not common in the business world today.

Innovation

Research & Development focus has always been present in all areas of your Company's business resulting in improvements in product quality, cost savings, higher efficiencies and improvements in process competence. Your Company have been investing in Research & Development over a long time and these investments have built a significant base of capabilities. Investments and efforts in Research & Development are showing results; about 50% of incremental annual revenues over the last few years are from products and processes enhanced and developed through the Research & Development initiatives.

WEAKNESSES

Volatile and Fluctuating prices of Raw Material

One of the major hurdles for the chemical industry is its susceptibility to volatile raw material costs particularly BCC. Absorbing cost of this volatile market becomes challenging, as there are time lags before any costs benefit or price hike can be passed on to customers. The chemical industry recently witnessed significant turbulence, due to the sharp and sudden fall in the crude oil price and related petrochemical products. In response, customer companies cut inventories resulting in unusual decline in volumes due to weak demand. Your Company managed to minimize the impact of this development and could quickly bounce back. However, it serves as a reminder of the inherent weakness of the industry.

OPPORTUNITIES

Expansion Plans

The Greenfield expansion plan at Dahej is an example of your Company's forward integration from being a supplier of Nitro-Toluene into the manufacture of DASDA and finally into Optical Brightening Agent (OBA). Your Company has also commissioned its Brownfield expansion plan at Nandesari in the recent past. Your Company's proven track record of organic and inorganic expansions over the last 4 decades have continually added value to its customers. The Management believes that the recently

announced Greenfield expansion plan, through wholly owned subsidiary, Deepak Phenolics Ltd., for the manufacture of Phenol and Acetone at Dahej will be a big catalyst for growth.

Manufacturing Shift to India

Manufacturing in India is expected to ramp up at a greater rate than developed markets. The 'Make in India' campaign focusses on the ease of doing business and is likely to move India ahead in the global manufacturing race. Further, Chinese costs are also increasing resulting in a lot of companies considering shifting their manufacturing from China to other emerging markets like India. Your Company's position as a globally cost competitive manufacturing base has also improved. Your Company will witness increasing number of consumers driven by greater demand from developed markets like Europe, USA, etc. due to its cost leadership and quality.

Export Potential

Due to low cost of infrastructure compared to developed Countries, emerging economies like India have huge export potential. India is also gaining an edge over China as leading Chinese players are facing rising cost pressures. China also lacks strong IPR which Indian companies enjoy. Hence, a minor shift can lead to a huge opportunity for Indian players in export market.

Government Support to Lift Manufacturing

The Government announced a number of measures to improve competitiveness in the chemical sector. Provisions like reduction in basic customs duty and investment allowance or deductions to manufacturing companies that are setting up new plant and machinery is expected to boost growth. Further, Research & Development incentives, tax deductions, state incentives, export incentives and area-based incentives are a few other measures announced by the Government.

THREATS

Competitive Intensity and Increasing Resource Cost

Due to the Indian manufacturing industry gaining global market share and increase in domestic demand, new entrants in the industry bid up prices of key resources resulting in higher production costs and shift in long run average cost. Some new players may also resort to unsustainable pricing in order to gain market share resulting in below normal economic profits for existing firms. In addition to competitive intensity and unstable pricing, increase in inflation could impact pricing.

Obsolescence of Product and Processes

As new technologies are developed, older technologies that are used in manufacture often become obsolete. Rapid obsolescence of products and related methods of manufacturing can pose a serious threat. Because technology changes so rapidly, products become out of date before companies can recoup the costs associated with development and setting up the facilities. Such obsolescence occurring in products and manufacturing processes can limit your Company's ability to respond during crisis. As a result, the capital structure needs to be built very conservatively to

reduce the impact of dilution. Your Company through its Research & Development efforts constantly innovates its product basket and upgrades its technology.

OUTLOOK

Heading into Fiscal Year 2015-16, your Company expects revenue growth to normalize as International crude oil prices have stabilised at lower levels. Overall, the oil markets uncertainty has reduced significantly and the risk of a sudden demand shock impacting the market has also reduced.

The Optical Brightening Agent (OBA) business of Fluorescent Whitening Agent business unit which was introduced last year saw the first near full year of operation and delivered robust growth due to a low base. We expect this business to ramp up gradually as utilization levels improve. This business is expected to exceed global industry growth rate and to grow rapidly as utilisation levels improve.

Demand for your Company's products like Nitro Toluene derivatives, Fuel Additives, Specialty Agrochemicals and DASDA have driven strong growth over the last 5 years and the expectation of higher economic growth is rooting higher optimism about the demand driven growth in these established businesses. Your Company is well positioned to gain from both domestic and exports markets in the longer term.

During FY 2014-15, your Company has also announced a Greenfield project for manufacture of Phenol and Acetone through wholly owned subsidiary at Dahej in view of the favourable market outlook. Your Company believes that it is well placed to seize the opportunities that the market will present going forward and that your Company will derive all its benefits.

RISK MANAGEMENT

Risk Management is integral to the creation, protection and enhancement of shareholder value. Risk Management ensures that the management controls all business processes undertaken by your Company by means of a well-defined framework. Your Company has laid down robust risk management framework essential for identification, assessment, monitoring and mitigation of various risks to ensure smooth flow of operations adhering to stringent guidelines.

Your Company's Risk Management practices focusses on providing highest degree of safety to employees, especially at factories, where complex chemical processes are executed. To ensure maximum safety and security, your Company's machinery undergoes real time monitoring and regular inspections to ensure that the functionality of the machinery is up to date and does not pose any potential hazards that could cause accidents at the workplace. The work place is regularly re-assessed to ensure that all equipment and processes do not pose any potential hazard and meet adequate safety requirements.

Your Company understands the importance of Credit Risk Management and has setup a framework that proactively monitors and identifies new and existing customers' financial health to mitigate any risk. Raw material price risks are mitigated through proper inventory control system, procuring raw materials from different sources at competitive prices and by entering into formula-based pricing with customers. Your Company uses financial hedging methods and tools to mitigate the risks of currency fluctuations. Environmental risks represent direct threat to public health and livelihood and it is your Company's responsibility to manage this risk through reduced emissions and treatment of effluents. Overall, your Company has emerged as an organisation that has strong focus on improving process predictability, reducing operational risk, enhancing product quality and improving overall performance.

INTERNAL CONTROLS

Your Company and the Management has established adequate Internal Control systems to ensure reliable financial reporting. Internal Controls also help in assessing, evaluating, safeguarding and shielding your Company from losses and unofficial use or deposition of assets. This ensures that your Company's resources are put to optimum use and all transactions are authorised, recorded and reported correctly to the Management. Your Company constantly refines and testifies its internal controls to ensure management effectiveness and efficiencies of operating procedures. Your Company always adheres to set guidelines and follows all Accounting Standards prescribed for maintenance of books of accounts and reporting of financial statements. These standards require appointed independent Internal Auditors to plan and execute audits to assess the effectiveness of internal control over various areas of operations and financial reporting throughout the year. Summary of the observation by Internal Auditors is reported to the Audit Committee of the Board of Directors and corrective measures are taken. The Internal Control systems are designed to provide assurances on an ongoing basis so that the business operations function efficiently and ensure that applicable laws, rules, regulations and policies of your Company are followed and the reliability of financial reporting is safeguarded.

HUMAN RESOURCES

Your Company continues to maintain cordial relationship with every employee across all levels and locations. Your Company, in order to sustain its position as a leading manufacturer of chemicals, emphasizes on customer focus, technical expertise and innovation. In order to fulfill this mandate, the Human Resources division have set up benchmarks for selection of personnel. This process of selection is rigorously implemented on a continuous basis in order to attract new talent and upgrade your Company's competencies and skills.

Your Company continues to foster strong leadership and talent management, which is most critical for your Company's success in the chemical industry. Developing competences continues to remain one of the key areas of strategic focus. Your Company's retention rate is one of the highest in the industry. This is due

to your Company's strong focus on employee satisfaction and development initiatives. In order to enhance employee productivity, your Company continued to train employees across multiple areas related to technical/functional, behavioral/general and health, safety and general environment, ISO certification standards, etc. Your Company's employees receive competitive salaries, benefits and compensation linked to individual as well as Company performance. Your Company continues to maintain cordial industrial relations at all facilities.

The total employee strength including top management stood at 1400 as on March 31, 2015.

CAUTIONARY STATEMENT

Certain Statements made in the Management Discussion and Analysis Report relating to your Company's objectives, projections, outlook, expectations, estimates and others may constitute 'forward looking statements' within the meaning of applicable laws and regulations. Actual results may differ from such expectations, projections and so on whether express or implied. Several factors could make a significant difference to your Company's operations. These include climatic conditions and macroeconomic conditions affecting demand and supply, government regulations and taxation, natural calamities and so on, over which your Company does not have any direct control.

FINANCIAL REVIEW

Your Company has been able to report continued growth in the Financial Year 2014-15 and has made progress on growth initiatives and business expansion plans. Business conditions were mixed during the year with a strong first half of the fiscal driven by robust demand from both domestic and export markets, while the second half of the fiscal saw disruptions in customer demand caused by the sharp volatility in global prices of crude oil and related petrochemical products. Notwithstanding this impact, your Company achieved revenue growth of around 5% during FY 2014-15 taking the total revenue to ₹ 1327.16 crores compared to ₹ 1269.62 crores last year. The growth in revenues was primarily achieved due to an improved performance in the Florescent Whitening Agent segment (FWA) and marginal growth in Bulk Chemicals & Commodities (BCC) segment. This momentum in the business is attributable to strong off-take in volumes of select products catering to dyes & pigments and fluorescent whitening agents. The Fine & Speciality Chemicals (FSC) segment primarily caters to export market; during the year under review the performance of the same has witnessed slowdown due to temporary demand disruption across the geography and particularly in the middle of the year which started moderating over the year end.

Export sales aggregated to ₹ 516.76 crores and were higher by 3% compared to the previous year. Exports contributed 39% of the total turnover.

Profit Before Interest, Depreciation and Tax for the FY 2014-15 was ₹ 140.17 crores compared to ₹ 113.54 crores in FY 2013-14. Profit After Tax for the FY 2014-15 was ₹ 53.44 crores compared to ₹ 38.33 crores in FY 2013-14. Earnings per Share in FY 2014-15 were ₹ 5.11 post sub-division of Equity Shares and issue of bonus shares, compared to ₹ 3.67 per Share (adjusted) in FY 2013-14.

The outlook for fiscal year 2016 looks promising. The FWA segment which has been dominant in the domestic market in FY 2014-15, is expected to see higher off-take towards exports. The increased volumes will also result in increased utilisation at the plant and the performance of the segment is expected to benefit from operating leverage. The established businesses are expected to grow strongly led by consistent demand for higher value products and increased volumes from select products. An improving global economic scenario is also expected to further support this growth amidst a stable exchange rate scenario.

A review of the performance during the year is given under the section Management Discussion and Analysis Report.

DIVIDEND

Your Directors are pleased to recommend the dividend of ₹ 1/- (Rupee One only) per Equity Share of ₹ 2/- (Rupees Two only) each for the year ended March 31, 2015, maintaining the same rate of Dividend of ₹ 1/- (Rupee One only) per Equity Share of ₹ 2/- each declared in the previous year.

The total amount of dividend, if declared by the members, including Dividend Tax, will be ₹ 12.58 crores (previous year ₹ 12.23 crores).

LIFE TIME ACHIEVEMENT AWARD

During the Financial Year 2014-15, Shri C. K. Mehta, Chairman of your Company has been conferred with the Life Time Achievement Award by the Indian Chemical Council (ICC) for his exemplary and pioneering role in Chemical Industries in our country.

COMMISSIONING OF OBA PROJECT AT DAHEJ

During the FY 2014-15, your Company's Greenfield Plant at Dahej, Dist. Bharuch in the State of Gujarat, for manufacturing Optical Brightening Agents (OBA) was fully commissioned.

PHENOL PROJECT

As a part of growth strategy, your Company, through its wholly owned subsidiary, is implementing a Greenfield Project to manufacture Phenol and Acetone. Accordingly, your Directors at their meeting held on August 7, 2014 approved to undertake a project for manufacturing Phenol and Acetone.

The said Project is to be funded with a mix of Debt and Equity of 60:40 and is being implemented through your Company's Wholly Owned Subsidiary Company – Deepak Phenolics Limited.

The Project is under implementation at Dahej in the State of Gujarat. The capacity of the Phenol Plant shall be 200,000 TPA and that of co-product Acetone shall be 120,000 TPA.

Phenol is widely used in the manufacturing of various commercial products and finds applications in Laminates, Foundry, Automobile lining, etc. while Acetone finds applications in Pharmaceuticals, Paints, and Adhesives & Thinners etc. Currently, a majority of India's Phenol and Acetone requirement is met by imports. Considering the manufacturing of Phenol and Acetone as substitute of part of the current imports and in view of the growing domestic demand driven by better expected growth in GDP, we believe that this diversification would allow your Company to service new clients, meet existing demand and consequently, enhance business prospects.

Your Directors are pleased to inform that the Financial Closure, with respect to debt funding, for the Project has been achieved.

QUALIFIED INSTITUTIONS PLACEMENT OF SHARES

In order to raise the funds for the proposed Phenol and Acetone Project at Dahej, the Board of Directors of your Company, at their meeting held on January 22, 2015 approved issuance of Equity Shares for an aggregate amount upto ₹ 200.00 crores on private placement basis through Qualified Institutions Placement ("QIP").

Accordingly, your Company obtained the approval of Members for the same through Postal Ballot / E-Voting and the result of voting was declared on April 28, 2015. The QIP issue shall be as per the provisions of Chapter VIII of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 and other applicable laws.

SALE OF LAND AT PUNE

Your Directors, at their meeting held on June 23, 2014, approved the sale of freehold land and surrender of leasehold rights in respect of the lands situated at Sinhgad Road, Pune, Maharashtra, subject to receipt of all requisite approvals and permissions.

The proposal to sell the said lands is with a view to monetize the value of its unutilized assets and improve shareholders value by freeing up capital to facilitate growth.

FINANCE

Your Company has strong internal guidelines to effectively manage its working capital and to maintain debt at reasonable levels while investing for growth. Due to the growth initiatives in progress, there has been an increase in debt on the books of your Company. These funds have been used to finance the investments in machinery, de-bottlenecking, meeting changing product specification as well as for initial investment in the Phenol project.

Further, interest costs and depreciation have also increased as the second and final phase of the Dahej plant was commissioned during the Financial Year. These are expected to moderate to normalized levels as the FWA business gains further momentum and volumes increase as planned. Your Company has anticipated such expansion in financial parameters and is well placed to manage it effectively. Further, there is active management of foreign exchange exposures to minimise risk to the Company due to exposure from imports and repayment of External Commercial Borrowings as well as receipts from exports.

Prudent management has ensured that the Company has been able to effectively manage its cash flows. The focus to reduce interest costs remains and although the Company has borrowed External Commercial Borrowings of USD 45 million which have been fully drawn and term loan of ₹ 94.00 crores borrowed for other smaller size capital expenditures at various locations. The Debt : Equity has still been maintained at reasonable levels. Debt : Equity as on March 31, 2015 stood at 1.57 times.

ICRA Limited re-affirmed the long-term rating of [ICRA] A+ and Short Term rating of [ICRA] A1+ assigned to the fund based limits and non-fund based limits of the Company. ICRA also re-affirmed the short-term rating of [ICRA] A1+ assigned to the Commercial Paper programme.

INDEPENDENT AUDITOR'S REPORT

To the Members of DEEPAK NITRITE LIMITED

Report on the Standalone Financial Statements

1. We have audited the accompanying standalone financial statements of Deepak Nitrite Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2015, and the Statement of Profit and Loss and Cash Flow for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these financial statements based on our audit.
4. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2015, and its profit and its cash flows for the year ended on that date.

Emphasis of Matter

9. We draw your attention to Note 43 of the financial statements, the managerial remuneration is in excess of the limits prescribed under clause(i) of second proviso to sub section(1) of section 197 of the Companies Act, 2013 by ₹ 45.66 Lacs for which steps are being taken by the Company to obtain the shareholder's approval in the ensuing Annual General Meeting. Pending the approval of the shareholder's, no adjustments have been made in the financial statements.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

10. As required by the Companies (Auditor's Report) Order, 2015, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act (the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.
11. As required by Section 143(3) of the Act, we report that:
- we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - the Balance Sheet, the Statement of Profit and Loss and Cash Flow dealt with by this Report are in agreement with the books of account;
 - In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended);
 - On the basis of written representations received from the directors as on March 31, 2015 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015, from being appointed as a director in terms of Section 164(2) of the Act.
 - With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 33 to the financial statements.
 - The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any on long-term contracts including derivation contracts.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure to paragraph 10 referred to in our report of even date:

- 1 (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of the fixed assets.

(b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
- 2 (a) The inventory has been physically verified by the management during the year. Confirmations have been received in respect of inventories lying with third parties. In our opinion, the frequency of verification is reasonable.

(b) In our opinion, the procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.

(c) On the basis of our examination of the inventory records, in our opinion, the Company is maintaining proper records of the inventory. The discrepancies noticed on physical verification of inventory as compared to the book records were not material.
- 3 As informed, the company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act. Accordingly, provision of the clause 3(iii) of the Companies (Auditor's Report) Order, 2015 is not applicable and hence not commented upon.
- 4 In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business, for the purchase of inventory and fixed assets & and sale of goods and services. On the basis of our examination of the books and records of the Company and according to the information and explanations given to us, we have neither come across, nor have we been informed of, any continuing failure to correct any major weaknesses in the aforesaid internal control system.
- 5 In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of Sections 73, 74, 75 and 76 or any other relevant provisions of the Act and the Rules framed thereunder to the extent notified with regard to the deposits accepted from the public. According to the information and explanations given to us, no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal on the Company in respect of the aforesaid deposits.
- 6 We have broadly reviewed the books of account maintained by the Company in respect of products where, pursuant to the rules made by the Central Government of India, the maintenance of cost records has been prescribed under clause (d) of sub-section (1) of Section 209 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- 7 (a) According to the records of the Company and information and explanations given to us, the Company is regular in depositing undisputed statutory dues including Provident fund, Employees' State Insurance, Income tax, Sales tax, Wealth tax and Service tax, duty of Customs, duty of Excise, Value Added Tax, Cess and other applicable statutory dues with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of such statutory dues are in arrears, as on 31st March 2015 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us and records of the Company examined by us, there are no dues of Income tax, Sales tax, Wealth tax, Service tax, duty of Excise, duty of Customs, Value Added Tax, and Cess which have not been deposited on account of any dispute except the following :

Name of the Statute	Nature of Dues	Amount (₹ in lakhs)	Period to which the amount relates	Forum where pending
Work contract tax Act of Maharashtra	Work contract Tax	11.65	1998-99 to 2004-05	Commissioner, Works Contract Tax (Appeals)
Central Excise Act, 1944	Excise duty	2.62	April 11 to Oct 14	Assistant Commissioner, Central Excise
Central Excise Act, 1944	Excise duty	10.09	Oct'10 to Nov'13	Commissioner, Central Excise
Central Excise Act, 1944	Excise duty	206.79	July'98 to March'14	Central Excise & Service Tax Appellate Tribunal
Central Sales Tax	Sales tax	23.42	2005-06	Additional Commissioner, Sales Tax
Mumbai Stamp Act	Stamp duty	22.85	March 2010	Chief Controller of Revenue Authorities
Hyderabad Metropolitan Water Supply & Sewerage Act, 1989	Sewerage Cess	11.13	2008-09 to 2013-14	High Court of Andhra Pradesh

- (c) The amount required to be transferred to Investor Education and Protection Fund has been transferred within the stipulated time in accordance with the provisions of the Companies Act, 2013 and the rules made thereunder.
- 8 The Company does not have accumulated losses as at the end of the financial year and it has not incurred any cash losses in the financial year ended on that date and in the immediately preceding financial year.
- 9 Based on the records examined by us and according to the information and explanations given to us, the Company has not defaulted in repayment of dues to any financial institution or bank or debenture holders as at the Balance Sheet date.
- 10 The company has not given any guarantee for loans taken by others from bank or financial institutions during the year.
- 11 In our opinion, and according to the information and explanations given to us, during the year, the term loans were, prima facie, applied for the purposes for which they were obtained.
- 12 During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2015

COMPANY OVERVIEW

Deepak Nitrite Limited ('DNL' or 'the Company') is a leading chemical manufacturing company. The Company manufactures Bulk Chemicals & Commodities, Fine & Speciality Chemicals and Fluorescent Whitening Agents.

1. SIGNIFICANT ACCOUNTING POLICIES

Accounting Convention

The accompanying financial statements have been prepared under the historical cost convention, in accordance with Generally Accepted Accounting Principles in India. The Company has prepared these Financial Statements to comply in all material respects with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006, and the relevant provisions of the Companies Act, 2013. The accounting policies adopted in the preparation of Financial Statements are consistent with those of previous year.

a) Use of Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported balances of assets and liabilities as of the date of financial statements and reported amounts of income and expenses during the period. Management believes that the estimates used in the preparation of financial statements are prudent and reasonable. Actual results could differ from those estimates. Difference between the actual results and estimates are recognised in the year in which the results are known / materialised.

b) Presentation and Disclosure of Financial Statements

Assets and Liabilities are classified as Current or Non-Current as per the provisions of the Schedule III notified under the Companies Act, 2013, and Company's normal operating cycle. Based on the nature of business and its activities, the Company has ascertained its operating cycle as twelve months for the purpose of Current & Non-Current classification of Assets & Liabilities.

c) (i) Tangible Fixed Assets and Depreciation

Fixed Assets are stated at their original cost of acquisition, less accumulated depreciation and impairment losses. Cost includes all incidental expenses related to acquisition and installation and other pre-operative expenses.

Depreciation is provided, pro rata for the period of use, by Straight Line Method (SLM) except in respect of Aromatics Amines plant where depreciation in respect of plant & machinery is provided on Written Down Value (WDV). Depreciation on all tangible assets is provided at the rates and in the manner prescribed by Schedule II to the Companies Act, 2013 except in case of leasehold land which is amortised over the period of lease term and certain components of plant & machinery such as Reactors, Centrifuge, Cooling towers, Air Compressor etc. which are depreciated over its useful life as technically assessed by Independent Technical Personnel after taking into consideration past experience of the company, chemical processes and chemical industry norms.

The items of continuous process plant are identified by the technical officials of the Company.

The excess depreciation provided on revalued fixed assets over the amount computed on the above basis is withdrawn from the Revaluation Reserve and transferred to the Statement of Profit & Loss. Premium paid on leasehold land is amortised equally over the tenure of the lease.

In respect of depreciable assets for which Impairment Loss is recognised, depreciation/amortisation is charged on the revised carrying amount over the remaining useful life of the assets computed on the basis of the life prescribed in Schedule II to the Companies Act, 2013.

(ii) Intangible Fixed Assets

Intangible Assets are stated at their original cost of acquisition, less accumulated amortisation and impairment losses, if any. An Intangible Asset is recognised, where it is probable that the future economic benefits attributable to the Asset will flow to the enterprise and where its cost can be reliably measured.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2015

The cost of intangible assets is amortised over the fair estimate of economic useful life, in any case, not exceeding ten years, on a straight-line basis. Details of estimated useful life is given below:

Software and related implementation costs	6 years
Rights to use facilities	5 years
Technical Know How	10 years

d) Impairment of Assets

The carrying amount of cash generating units/assets is reviewed at the Balance Sheet date to determine whether there is any indication of impairment. If such indication exists, the recoverable amount is estimated as the net selling price or value in use, whichever is higher. Impairment loss, if any, is recognised whenever carrying amount exceeds the recoverable amount. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

e) Inventories

- (i) Raw Materials, Packing Materials and Stores & Spares are valued at cost determined on monthly-moving weighted average basis and are net of Cenvat and VAT.
- (ii) Finished Goods and Stock-in-process are valued at cost of purchase of raw materials and conversion thereof, including the cost incurred in the normal course of business in bringing the inventories up to the present condition or at the net realisable value, whichever is lower. The inventories of joint products are valued by allocating the costs to the joint products by 'Relative Sales Value' method. By-products are valued at net realisable price.

f) Revenue recognition

- (i) Revenue from sales is recognised when the significant risks and rewards associated with ownership of goods are transferred to the buyers and no significant uncertainty exists as to the amount of consideration derived from the sales. Sales is recorded net of trade discounts, rebates, sales taxes, VAT and excise duties (recovery of which realisation is shown separately).
- (ii) Revenue from rendering of services relating to conversion/processing activity is recognised when the converted / processed goods are ready for delivery.
- (iii) Revenue in respect of export incentive, overdue interest, insurance claim, etc. is recognised to the extent that the Company is reasonably certain of its ultimate realisation.
- (iv) Expenses are accounted for on accrual basis.

g) Employee Retirement Benefits

(i) Defined Contribution Plans

Company's contributions paid/payable during the year to Provident Fund, Superannuation Fund are recognised in the Statement of Profit and Loss.

(ii) Defined Benefit Plan

Company's liabilities towards gratuity and leave encashment are determined on actuarial basis using the projected unit credit method, which consider each period of service as giving rise to an additional unit of benefit and measure each unit separately to build up the final obligation. Past services are recognised on straight-line basis over the average period until the amended benefits become vested. Actuarial gain and losses are recognised immediately in the Statement of Profit and Loss Account as income or expense. Obligation is measured at the present value of estimated future cash flow using a discount rate that is determined by reference to market yields at the Balance Sheet date on government bonds, where the currency and terms of the government bonds are consistent with the currency and estimated terms of the defined benefit obligation.

h) Investments

Investments that are readily realisable and intended to be held for not more than twelve months are classified as current investments. All other investments are classified as long term investments.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2015

Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution is made to recognise a decline, other than temporary in nature, in the carrying amount of such long term investments.

i) Foreign Currency Transactions

- (i) Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction. Foreign currency monetary assets and liabilities are translated at year end exchange rates. Exchange difference arising on settlement of transactions and translation of monetary items are recognised as income or expense in the year in which they arise. However, exchange difference arising either on settlement or on translation, in case of long-term foreign currency borrowings, in so far as they relate to fixed asset are capitalised and in other cases, are accumulated in a "Foreign Currency Monetary Item Translation Difference Account". The balance in "Foreign Currency Monetary Item Translation Difference Account" is amortised over the balance period of the related long-term borrowings. Similar treatment to gain or loss on forward and hedge contracts relating to long-term borrowings is given. Gain or loss on other forward and hedge contracts are recognised in the Statement of Profit and Loss.
- (ii) The Company uses foreign exchange forward contracts and options to hedge its actual underlying exposures to reduce exchange risk and / or cost to the Company.
- (iii) The difference between the forward rate and the exchange rate at the inception of the forward contract for underlying transactions is recognised as per the principles set out in i) (i) above.
- (iv) In respect of hedge contracts, for firm commitment or forecasted transactions, the attributable loss is accrued on periodic settlement and / or completion of contract and is recognised as per the principles set out in i) (i) above.

j) Income Tax

Tax expense comprises of both current and deferred tax.

Provision for Current tax is measured at the amount computed under the Income Tax Act, 1961, or Book Profit computed under section 115JB, whichever is higher, and correspondingly set-off available under section 115JAA is credited to the Profit & Loss Statement of the financial year.

MAT credit is recognised as an asset only when, and to the extent, there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent that there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

Deferred tax assets and liabilities are recognised for future tax consequences attributable to the timing differences between taxable income and accounting income that are capable of reversal in one or more subsequent periods and are measured using tax rates enacted or substantively enacted as at the Balance Sheet date. Deferred Tax assets are not recognised unless, in the management judgment, there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. The carrying amount of Deferred Tax is reviewed at each Balance Sheet date.

k) Earning Per Share

The company reports basic and diluted Earning per Share (EPS) in accordance with the Accounting Standard 20 on 'Earning per Share'. Basic Earning per Equity Share is computed by dividing net income by the weighted average number of equity shares outstanding for the period. Diluted earning per Equity Share are computed by dividing net income by the weighted average number of Equity Shares adjusted for the effects of all dilutive potential Equity Shares.

l) Segment Reporting - Basis of Information

During the year Company has re-aligned its primary business segments of Organic Intermediates, Inorganic Intermediates and Fine & Speciality Chemicals into 3 (three) Strategic Business Units, viz. (i) Bulk Chemicals & Commodities, (ii) Fine & Speciality

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2015

Chemicals and (iii) Fluorescent Whitening Agent. This will enable more appropriate segmentation of revenues, related costs and capital employed consistent with relative risks & rewards as also managerial controls. Accordingly, previous year figures have been regrouped / reclassified.

Inter segment transfer prices are normally negotiated amongst the segments with reference to the costs, market prices and business risks, within an overall optimisation objective of the Company.

Revenue and Expenses have been accounted on the basis of their relationship to the operating activities of the segment. Revenue and Expenses, which relate to the enterprise as a whole and are not allocable to segments on reasonable basis, have been included under "Unallocable Expenses". Assets and Liabilities which relate to the enterprise as a whole but are not allocable to segments on a reasonable basis, have been included under "Unallocable Assets / Liabilities".

Secondary segment have been identified with reference to geographical location of external customers. Composition of secondary segment is as follows:

- i. India
- ii. Outside India

m) Borrowing Costs

Borrowing Costs directly attributable to the acquisition/construction of qualifying assets as also the Borrowing Costs of funds borrowed generally and used for the purpose of acquisition/construction of such assets is capitalised up to the date the assets are ready for use. Other borrowing costs are recognised as an expense in the period in which they are incurred.

n) Operating Lease

Operating lease payments are recognised as an expense in the Statement of Profit & Loss on a straight-line basis, which is representative of the time pattern of the user's benefit.

o) Cash Flow Statement

The Cash Flow Statement is prepared by the indirect method set out in Accounting Standard 3 'Cash Flow Statements', whereby the Profit Before Tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The Cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

p) Provisions and Contingent Liabilities

Provisions are recognised in the accounts in respect of present probable obligations, the amount for which can be reliably estimated.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events but their existence is confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

2. FOREIGN EXCHANGE DIFFERENCES

Pursuant to the provisions contained in the Companies (Accounting Standards) Amendment Rules, 2009, and related notifications of Ministry of Corporate Affairs, the Company has adjusted to fixed assets, foreign exchange differences amounting to ₹ 974.58 Lacs (Previous year, ₹ 2,715.94 Lacs) on revaluation of long term foreign currency borrowing for acquisition of fixed assets.

Further, the Company has also opted to follow the extension of provisions made vide Notification dated December 29, 2011, issued by the Ministry of Corporate Affairs to the long term foreign currency borrowings other than those utilised for fixed assets. Accordingly, the Company has, with effect from April 1, 2011, amortised the foreign exchange loss incurred on such borrowings over their balance term. Since the entire amount of Foreign Currency loan has been fully repaid during the previous year, the remaining balance of ₹ 85.52 Lacs was fully amortised during the previous year under the head 'Exchange Fluctuation Loss Account'.

INDEPENDENT AUDITOR'S REPORT

To the Members of Deepak Nitrite Limited

Report on the Consolidated Financial Statements

1. We have audited the accompanying Consolidated financial statements of Deepak Nitrite Limited ("the Holding Company"), its Subsidiaries (the collectively referred to as "the Group") and an Associate, comprise the Balance Sheet as at March 31, 2015, and the Consolidated Statement of Profit and Loss and Cash Flow for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

Management's Responsibility for the Consolidated Financial Statements

2. The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group and an associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.
4. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
5. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.
6. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

7. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associate as at 31st March, 2015, and their consolidated statement of profit and loss and their consolidated cash flows for the year ended on that date.

Emphasis of Matter

8. We draw your attention to Note 37 of the financial statements, the managerial remuneration is in excess of the limits prescribed under clause (i) of second proviso to subsection (1) of section 197 of the Companies Act, 2013 by ₹ 45.66 lacs for which steps are being taken by the Company to obtain the shareholder's approval in the ensuing Annual General Meeting. Pending the approval of the shareholder's, no adjustments have been made in the financial statements.

Our opinion is not modified in respect of this matter.

Other Matters

9. The consolidated financial statements include the Group's share of net loss of ₹ 8.93 lakhs for the year ended 31st March, 2015, as considered in the consolidated financial statements, in respect of an associate, whose financial statements / financial information have not been audited by us. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the said associate, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid associate, is based solely on the reports of the other auditors
10. Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management

Report on Other Legal and Regulatory Requirements

11. As required by the Companies (Auditor's Report) Order, 2015 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, based on the comments in the auditors' reports of the Holding company, subsidiaries company incorporate in India and associate company incorporated outside India, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
12. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
- we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as it appears from our examination of those books;
 - The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended);
 - On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2015 taken on record by the Board of Directors of the Holding Company and its subsidiaries company, and the reports of the statutory auditors of associate company incorporated outside India, none of the directors of the Group companies and its associate company incorporated outside India is disqualified as on 31st March, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.
 - With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014(as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and an associate – Refer Note 33 to the financial statements.
 - Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts in respect of such items as it relates to the Group and (b) the Group's share of net profit/loss in respect of an associate.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group and an associate.

Annexure to paragraph 11 referred to in our report of even date:

- i. (a) The Holding company has maintained proper records showing full particulars, including quantitative details and situation of the fixed assets.

(b) The fixed assets of the Holding Company have been physically verified by the Management during the year. The discrepancies noticed, if any on such verification were not material and have been properly dealt with in the books of account. The Subsidiaries & Associate companies are not having substantial fixed assets. Accordingly, provision of clause 3 (i) (a) & (b) of the Companies (auditor's report) Order, 2015 is not applicable and hence not commented upon.
- ii. (a) The inventory of the holding company has been physically verified by the management during the year. Confirmations have been received in respect of inventories lying with third parties. In our opinion, the frequency of verification is reasonable.

(b) In our opinion, the procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.

(c) On the basis of our examination of the inventory records, in our opinion, the Company is maintaining proper records of the inventory. The discrepancies noticed on physical verification of inventory as compared to the book records were not material.

The Subsidiaries & Associate companies are not having inventory. Accordingly, provision of clause 3 (ii) (a), (b) & (c) of the Companies (auditor's report) Order, 2015 is not applicable and hence not commented upon.
- iii. As informed, the group has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act. Accordingly, provision of the clause 3(iii) of the Companies (Auditor's Report) Order, 2015 is not applicable and hence not commented upon.
- iv. In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Group and the nature of its business, for the purchase of inventory and fixed assets & sale of goods and services. On the basis of our examination of the books and records of the Group and according to the information and explanations given to us, we have neither come across, nor have we been informed of, any continuing failure to correct any major weaknesses in the aforesaid internal control system.
- v. In our opinion, and according to the information and explanations given to us, the Holding company has complied with the provisions of Sections 73, 74, 75 and 76 or any other relevant provisions of the Act and the Rules framed thereunder to the extent notified with regard to the deposits accepted from the public. According to the information and explanations given to us, no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal on the Company in respect of the aforesaid deposits. The Subsidiaries & Associate companies has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and rules framed there under to the extent notified. Accordingly, provision of clause 3 (v) of the Companies (auditor's report) Order, 2015 is not applicable and hence not commented upon.
- vi. We have broadly reviewed the books of account maintained by the Holding company in respect of products where, pursuant to the rules made by the Central Government of India, the maintenance of cost records has been prescribed under clause (d) of sub-section (1) of Section 209 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete. Operational activities of the Subsidiaries & Associate companies are not yet started. Accordingly, provision of clause 3 (vi) of the Companies (auditor's report) Order, 2015 is not applicable and hence not commented upon.
- vii. (a) According to the records of the Group and information and explanations given to us, the Group is regular in depositing undisputed statutory dues including Provident fund, Employees' State Insurance, Income tax, Sales tax, Wealth tax and Service tax, duty of Customs, duty of Excise, Value Added Tax, Cess and other applicable statutory dues with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of such statutory dues are in arrears, as on 31st March 2015 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and records of the Group examined by us, there are no dues of Income tax, Sales tax, Wealth tax, Service tax, duty of Excise, duty of Customs, Value Added Tax, and Cess which have not been deposited on account of any dispute except the following dues of Holding company:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2015

Deepak Nitrite Limited ('DNL' or 'the Company') is a leading chemical manufacturing company. The Company manufactures Bulk Chemicals & Commodities, Fine & Speciality Chemicals and Fluorescent Whitening Agents. The company along with its subsidiary and associate entity which are consolidated (Refer Note 2 below) are referred to as the "Company".

1. SIGNIFICANT ACCOUNTING POLICIES

Accounting Convention

The consolidated financial statements have been prepared under the historical cost convention, in accordance with Generally Accepted Accounting Principles in India. The Company has prepared these Financial Statements to comply in all material respects with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006, and the relevant provisions of the Companies Act, 2013.

a) Use of Estimates

The preparation of the consolidated financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported balances of assets and liabilities as of the date of financial statements and reported amounts of income and expenses during the period. Management believes that the estimates used in the preparation of financial statements are prudent and reasonable. Actual results could differ from those estimates. Difference between the actual results and estimates are recognised in the year in which the results are known/materialised.

b) Presentation and Disclosure of Financial Statements

Assets and Liabilities are classified as Current or Non-Current as per the provisions of the Schedule III notified under the Companies Act, 2013, and Company's normal operating cycle. Based on the nature of business and its activities, the Company has ascertained its operating cycle as twelve months for the purpose of Current & Non-Current classification of Assets & Liabilities.

c) (i) Tangible Fixed Assets and Depreciation

Fixed Assets are stated at their original cost of acquisition, less accumulated depreciation and impairment losses. Cost includes all incidental expenses related to acquisition and installation and other pre-operative expenses.

Depreciation is provided, pro rata for the period of use, by Straight Line Method (SLM) except in respect of Aromatics Amines plant where depreciation in respect of plant & machinery is provided on Written Down Value (WDV). Depreciation on all tangible assets is provided at the rates and in the manner prescribed by Schedule II to the Companies Act, 2013 except in case of leasehold land which is amortised over the period of lease term and certain components of plant & machinery such as Reactors, Centrifuge, Cooling towers, Air Compressor etc. which are depreciated over its useful life as technically assessed by Independent Technical Personnel after taking into consideration past experience of the company, chemical processes and chemical industry norms.

The items of continuous process plant are identified by the technical officials of the Company.

The excess depreciation provided on revalued fixed assets over the amount computed on the above basis is withdrawn from the Revaluation Reserve and transferred to the Statement of Profit & Loss. Premium paid on leasehold land is amortised equally over the tenure of the lease.

In respect of depreciable assets for which Impairment Loss is recognised, depreciation/amortisation is charged on the revised carrying amount over the remaining useful life of the assets computed on the basis of the life prescribed in Schedule II to the Companies Act, 2013.

(ii) Intangible Fixed Assets

Intangible Assets are stated at their original cost of acquisition, less accumulated amortisation and impairment losses, if any. An Intangible Asset is recognised, where it is probable that the future economic benefits attributable to the Asset will flow to the enterprise and where its cost can be reliably measured.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2015

The cost of intangible assets is amortised over the fair estimate of economic useful life, in any case, not exceeding ten years, on a straight-line basis. Details of estimated useful life is given below:

Software and related implementation costs	6 years
Rights to use facilities	5 years

d) Impairment of Assets

The carrying amount of cash generating units/assets is reviewed at the Balance Sheet date to determine whether there is any indication of impairment. If such indication exists, the recoverable amount is estimated as the net selling price or value in use, whichever is higher. Impairment loss, if any, is recognised whenever carrying amount exceeds the recoverable amount. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

e) Inventories

- (i) Raw Materials, Packing Materials and Stores & Spares are valued at cost determined on monthly-moving weighted average basis and are net of Cenvat and VAT.
- (ii) Finished Goods and Stock-in-process are valued at cost of purchase of raw materials and conversion thereof, including the cost incurred in the normal course of business in bringing the inventories up to the present condition or at the net realisable value, whichever is lower. The inventories of joint products are valued by allocating the costs to the joint products by 'Relative Sales Value' method. By-products are valued at net realisable price.

f) Revenue recognition

- (i) Revenue from sales is recognised when the significant risks and rewards associated with ownership of goods are transferred to the buyers and no significant uncertainty exists as to the amount of consideration derived from the sales. Sales is recorded net of trade discounts, rebates, sales taxes, VAT and excise duties (recovery of which realisation is shown separately).
- (ii) Revenue from rendering of services relating to conversion/processing activity is recognised when the converted/processed goods are ready for delivery.
- (iii) Revenue in respect of export incentive, overdue interest, insurance claim, etc. is recognised to the extent that the Company is reasonably certain of its ultimate realisation.
- (iv) Expenses are accounted for on accrual basis.

g) Employee Retirement Benefits

(i) Defined Contribution Plans

Company's contributions paid/payable during the year to Provident Fund, Superannuation Fund are recognised in the Statement of Profit and Loss.

(ii) Defined Benefit Plan

Company's liabilities towards gratuity and leave encashment are determined on actuarial basis using the projected unit credit method, which consider each period of service as giving rise to an additional unit of benefit and measure each unit separately to build up the final obligation. Past services are recognised on straight-line basis over the average period until the amended benefits become vested. Actuarial gain and losses are recognised immediately in the Statement of Profit and Loss Account as income or expense. Obligation is measured at the present value of estimated future cash flow using a discount rate that is determined by reference to market yields at the Balance Sheet date on government bonds, where the currency and terms of the government bonds are consistent with the currency and estimated terms of the defined benefit obligation.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2015

h) Investments

Investments that are readily realisable and intended to be held for not more than twelve months are classified as current investments. All other investments are classified as long term investments.

Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution is made to recognise a decline, other than temporary in nature, in the carrying amount of such long term investments.

i) Foreign Currency Transactions

(i) Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction. Foreign currency monetary assets and liabilities are translated at year end exchange rates. Exchange difference arising on settlement of transactions and translation of monetary items are recognised as income or expense in the year in which they arise. However, exchange difference arising either on settlement or on translation, in case of long-term foreign currency borrowings, in so far as they relate to fixed asset are capitalised and in other cases, are accumulated in a "Foreign Currency Monetary Item Translation Difference Account". The balance in "Foreign Currency Monetary Item Translation Difference Account" is amortised over the balance period of the related long-term borrowings. Similar treatment to gain or loss on forward and hedge contracts relating to long-term borrowings is given. Gain or loss on other forward and hedge contracts are recognised in the Statement of Profit and Loss.

(ii) The Company uses foreign exchange forward contracts and options to hedge its actual underlying exposures to reduce exchange risk and/or cost to the Company.

(iii) The difference between the forward rate and the exchange rate at the inception of the forward contract for underlying transactions is recognised as per the principles set out in i) (i) above.

(iv) In respect of hedge contracts, for firm commitment or forecasted transactions, the attributable loss is accrued on periodic settlement and/or completion of contract and is recognised as per the principles set out in i) (i) above.

j) Income Tax

Tax expense comprises of both current and deferred tax.

Provision for Current tax is measured at the amount computed under the Income Tax Act, 1961, or Book Profit computed under section 115JB, whichever is higher, and correspondingly set-off available under section 115JAA is credited to the Profit & Loss Statement of the financial year.

MAT credit is recognised as an asset only when, and to the extent, there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent that there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

Deferred tax assets and liabilities are recognised for future tax consequences attributable to the timing differences between taxable income and accounting income that are capable of reversal in one or more subsequent periods and are measured using tax rates enacted or substantively enacted as at the Balance Sheet date. Deferred Tax assets are not recognised unless, in the management judgment, there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. The carrying amount of Deferred Tax is reviewed at each Balance Sheet date.

k) Earning Per Share

The company reports basic and diluted Earning per Share (EPS) in accordance with the Accounting Standard 20 on 'Earning per Share'. Basic Earning per Equity Share is computed by dividing net income by the weighted average number of Equity Shares outstanding for the period. Diluted earning per Equity Share are computed by dividing net income by the weighted average number of Equity Shares adjusted for the effects of all dilutive potential Equity Shares.

l) Segment Reporting - Basis of Information

During the year Company has re-aligned its primary business segments of Organic Intermediates, Inorganic Intermediates and Fine & Speciality Chemicals into 3 (three) Strategic Business Units, viz. (i) Bulk Chemicals & Commodities, (ii) Fine & Speciality Chemicals and (iii) Fluorescent Whitening Agent. This will enable more appropriate segmentation of revenues, related costs and capital employed consistent with relative risks & rewards as also managerial controls.

Inter segment transfer prices are normally negotiated amongst the segments with reference to the costs, market prices and business risks, within an overall optimisation objective of the Company.

Revenue and Expenses have been accounted on the basis of their relationship to the operating activities of the segment. Revenue and Expenses, which relate to the enterprise as a whole and are not allocable to segments on reasonable basis, have been included under "Unallocable Expenses". Assets and Liabilities which relate to the enterprise as a whole but are not allocable to segments on a reasonable basis, have been included under "Unallocable Assets/Liabilities".

Secondary segment have been identified with reference to geographical location of external customers. Composition of secondary segment is as follows:

- i. India
- ii. Outside India

m) Borrowing Costs

Borrowing Costs directly attributable to the acquisition/construction of qualifying assets as also the Borrowing Costs of funds borrowed generally and used for the purpose of acquisition/construction of such assets is capitalised up to the date the assets are ready for use. Other borrowing costs are recognised as an expense in the period in which they are incurred.

n) Operating Lease

Operating lease payments are recognised as an expense in the Statement of Profit & Loss on a straight-line basis, which is representative of the time pattern of the user's benefit.

o) Cash Flow Statement

This being the first year of preparing Consolidated Financial Statements, Cash Flow Statement is not furnished.

p) Provisions and Contingent Liabilities

Provisions are recognised in the accounts in respect of present probable obligations, the amount for which can be reliably estimated.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events but their existence is confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

q) Foreign Exchange Differences

Pursuant to the provisions contained in the Companies (Accounting Standards) Amendment Rules, 2009, and related notifications of Ministry of Corporate Affairs, the Company has adjusted to fixed assets, foreign exchange differences amounting to ₹ 974.58 Lacs on revaluation of long term foreign currency borrowing for acquisition of fixed assets.

Further, the Company has also opted to follow the extension of provisions made vide Notification dated December 29, 2011, issued by the Ministry of Corporate Affairs to the long term foreign currency borrowings other than those utilised for fixed assets. Accordingly, the Company has, with effect from April 1, 2011, amortised the foreign exchange loss incurred on such borrowings over their balance term. Since the entire amount of Foreign Currency loan has been fully repaid during the previous year, the remaining balance of ₹ 85.52 Lacs was fully amortised during the previous year under the head "Exchange Fluctuation Loss Account".
