

February 08, 2023, Vadodara:

Statement from Deepak Nitrite Limited:

“A minor fire occurred in the open space area near the gate of the plant and away from the manufacturing facilities at our Nandesari unit on the night of February 06, 2023.

The fire was completely doused off within 20-25 minutes of the incident. The company has kept all relevant agencies informed about the incident.

There has been no injury to any personnel nor to any fixed assets. This appears to be an isolated incident and the Plant operations continue to remain smooth while maintaining all safety standards.

This is to put to rest all queries and concerns of our well-wishers and stakeholders.”

About Deepak Nitrite Limited:
