Deepak Nitrite Limited (DNL) Improves its CDP Rating

- Deepak Nitrite Limited received “Score ‘B’ which is in the Management band
- This is higher than the Asia regional average of C
- It is the same as the Chemicals sector average of B worldwide

Vadodara, Friday: With our processes deeply invested in ‘Responsible Chemistry’, and our focused importance to ‘Sustainability’, Deepak Nitrite Limited (DNL) aligns its key manufacturing operations and technological approaches in line with Sustainability & Environment conservation.

Acknowledging the company’s dedicated efforts, Deepak Nitrite Ltd.'s CDP Climate Change score has advanced from “D” in 2022 to an impressive “B” in 2023 for Climate Change. This improvement reflects our commitment towards sustainable practices and effective climate management.

Deepak Nitrite Limited received “Score B” which is in the Management band, which conforms with “Taking coordinated action on climate issues”. DNL is amongst few companies that reached Management level in the Activity Group. The company performed well in the areas of Risk Management Processes, Scope 1&2 Emissions including Verification, Risk & Opportunity Disclosures, Value Chain Engagement, Business Strategy, Financial Planning and Scenario Analysis.

Mr. Girish Satarkar, Executive Director, Deepak Nitrite Limited, said, “This has been the result of collective efforts of team members to live up to the commitment on bringing positive impact on Climate Change. “

Guided by our principle of ‘Responsible Chemistry’ and ‘Together for Sustainability’, the organisation is committed to continue to be a partner to the nation’s growth and care for people, planet, and prosperity.
